ATTN: Town Clerk Melessa K. Hopper
Town of Mayodan

Dear Melessa K. Hopper,

I personally need your help. I need a favor as you are the only person who can help me with this as the clerk of Mayodan.

I am requesting a copy of the Mayodan Police report from the 2012 Mayodan police raid on 413 N. 2nd ave., Mayodan, NC 27027 against two people whom is Brian David Hill(myself) and Roberta Hill(my mother), and the police report on the day after the raid such as during the time I gave a false confession after I was threatened to lie(false admissions of guilt) during the interrogation or else my mother would have been set up then arrested in my place.

So yes I need copies of both August 28 and 29, 2012 police reports mailed to me at the address 916 Chalmers Street, Apartment D, Martinsville, VA 24112.

The reason why is for legal reasons. I've had some bad dealings with the current police chief Charles Caruso but if I don't get a copy of the police report I cannot prove my innocence and will live as a registered felon for the rest of my life when I am not guilty. It is critical that I get a copy of the Mayodan Police reports all dealing with Brian David Hill which is myself and Roberta Ruth Hill. I finally got out of jail after submitting enough evidence of my innocence of the crime I was raided on in the town of Mayodan. I don't have enough to overturn my conviction yet which will force U.S. Probation to require me to comply with *Special* conditions that treat me far worse then the crime I even been accused of. Anybody could influence my probation officer to crack down on me proving my innocence so I have a limited time frame here to challenge the lies in the Mayodan Police reports. I cannot challenge the lies in their report in Federal Court to overturn my conviction **unless I know what is actually in those reports otherwise I am fighting a legal battle blindly**. It's all complicated but all I am asking you to do is go in the police department and request a copy of the town's police reports on me then send them to me through mail as you have done before with the minutes records.

I don't know what you think of me after the police raid but I swear to God, Jesus, the angels, and to the town that I am innocent of the charge, that I messed with some few nasty people and they want me to be registered on some criminal registry that anybody can access at any time and can come to my home to hurt me as my address is published by the state trooper thanks to my conviction, all for a crime I never committed. I am forced on this registry against my will.

I hope I won't have to go as far as a private investigator or a court order when I file the petition for the police reports but I am determined to prove my innocence through every legal channel I have at my disposal. I just want my life back and this conviction took it away from me. I am not even allowed to online date while under 10 years of supervised release unless enough evidence comes in of my innocence. I must get a copy of all evidence the U.S. Attorney used against me to successfully challenge my conviction and your town's police reports is one of them. I must prove my innocence so I can get my life back and move on with my life. I can't move on under supervised release. I have to be reminded every-time I fill out a probation report what I was convicted and falsely accused of everyday. It is hurting me and affecting my mental health and if I cannot resolve this issue for good then it may end up to the point where I am **hospitalized with battle fatigue or worse**. Again I am not guilty of the

crime I was accused of committing by the Mayodan Police and the only way I can prove it is to see what was in those police reports so I can start to show what is the truth and lies in my conviction to overturn my conviction so I can be free and can date whoever I want without dragging them into my whole probation restriction mess. I am a normal typical guy, I am not some predator or cyber-criminal. I wish I could have gone back in time to tell myself to never get involved with politics but it is too late for me now. All I can do now is damage control by attempting to overturn my wrongful conviction. The only one who can prove my innocence is me Brian David Hill and for that I must know what the police said about me in their reports. I have mild autism and brittle diabetes. I am a good guy, I have a good heart. I never deserved any of this, but the raid, the lies in the police report, the federal conviction, it all spiraled out of control while it hurt me. I know I sound emotional but I am scared right now and don't know what to do. I just keep writing letters and faxes telling people I was set up and innocent but nobody seems to believe me at all without proof. You know me I ran USWGO Alternative News, I started covering the town council meetings hoping that I can make some kind of peaceful change, to get involved in politics, and try to help as many people as possible. Now I am a criminal offender and I was forced on the registry. I never thought all my town council and news articles I did would lead to all this. I am sorry if everyone in the town council got offended by me standing up against corruption and despotism that is slowly plaguing this great country to the point where we are all suffering now. All I wanted to do was help people and then I was accused of wanting to hurt little children. It degraded my mental health and hurt me that all of the sudden one day the police showed up at my home, spread lies to the SBI/FBI and then I became a federal convict with no choice to prove my innocence with a public defender that refuses to help anybody but only with guilty pleas. I was trapped and now I am trying to find a way out of this mess, to get myself out of the conviction I never should have got. I loved Mayodan, it had been the best town I lived in then when Chief Caruso got in there it all changed, everything changed. Now I been set up on a falsified crime just for doing what was right for the American people. Look I need your help Melessa Hopper, my intentions were pure when I stood up against the NDAA and tried to protect people's rights. It wasn't some agenda, I had no plans of political gain. All I wanted to do was protect the people's rights. Your the only one that at this point can get me a copy of the police reports without me being targeted for attempting to request such records. It is my only chance to prove my innocence, to find out the truth. Mail them to 916 Chalmers Street, Apartment D, Martinsville, VA 24112. I will be extremely grateful and this will be my last request to you. I know I am saying all kinds of stuff in this letter but it is emotional as I am writing this as I have been mentally/emotionally wounded by the very people I expected would follow their Oath to protect our rights. Those police reports are all I want then I won't need to contact you again. Your help will give me hope for my future that has been lost from my reach. I am in the dark right now. I need your help!

Sincerely,

Brian David Hill
